

**Salve!**

**MERRY XMAS & A HAPPY NEW YEAR  
BUONA FESTA**

We wish you and your family a wonderful time during the seasonal festivities!

Le Marche has had it's first snow of the season and the local ski resorts are open.

This is a web-cam photo, taken today, of the slopes at Sassotetto, a 60 minute drive away:

The Sarnano ski resort is in the province of Macerata, 60 minutes from Montefiore, running along the backbone of the Sibillini mountains separating the Marche-Umbria border, there are over 11 km of pistes. The area is divided into two locations, one at Sassotetto and the other Santa Maria Maddalena.

The 9 lifts, completely renovated in recent years, allow skiers to go up the slopes easily.

There is a small ski school and restaurants for much needed refreshment throughout the day. It is also a great location for sledging, children optional!

Additional resorts close to Sarnano-Sassotetto include: Sarnano (7 km), Ussita Frontignano (16 km), Ussita (21 km), Terminillo (68 km), Gran Sasso (73 km).

## "Fractional Ownership, the smart way to own a dream home in Italy!"

Appassionata is very pleased to be able to offer you the chance of owning a share in an amazing house in Le Marche Italy.

Better that you buy the weeks you want, at a much lower price and share all the costs with your co-owners. This way you contain the cost, get a part share of a prestigious, valuable property and make full use of your asset.

**Book an Inspection Trip before the end of the year and save up to 50% on your accommodation**

**This offer ends 31st December 2009.**

Please email us to arrange an inspection trip or to ask any questions about Casa Giacomo.

We look forward to seeing you.

**A presto,**
